1. We may ask public offices to allow us to view necessary documents or to provide us with related materials for the provision of proper educational and daycare services and to confirm the data of applicants and their household members, including their tax status for the screening of the Certification of the Subsidy for Early Childhood Education and Childcare Fees, office work related to the Supplementary Benefit Program, and other educational and daycare services.
2. Details entered on your application form, etc. may be provided to the institution and/or its operator when they are deemed necessary as information related to the certification and grant of the Subsidy for Early Childhood Education and Childcare Fees, as well as other educational and childcare services.
3. In accordance with the provision of Article 30-11 of the Child Care Support Act (hereinafter referred to as "the Act"), utilization expenses for facilities and other services may be paid to specified child and childcare support providers instead of the certified guardians.
4. Due to the high volume of accreditation work during the year's early months, the notification of results may be postponed regardless of the application date should the use of the services begin in April of the new fiscal year as is written per the provisions under Article 30-5, paragraph 5 of the Act.
5. The Certification of the Subsidy for Early Childhood Education and Childcare Fees may be canceled if the details written in the application differ from factual reality.

7. Guardians of children who use kindergartens and after-hours childcare pursuant to Article 7, Paragraph 10, item 5 of the Act must entrust facility utilization expense related applications to the providers or directors of the institutions (principals of their kindergartens) that they will use unless the guardians themselves or their institutions make a special request.
