

Idea of the Upper Limit of the Provision Related to Usage Fees of Target Institutions

In the case where there is no joining or leaving a kindergarten, nor the start or the end of the New Certification (Certification for one of New Subsidy No. 1 - New Subsidy No.3) in the middle of the month, the monthly upper limit appearing in each type of institution or program is the upper limit of the provision.

For the calculation method of the daily upper limit in the case where there are any changes in the middle of a month which does not apply to any of the assumed conditions below, please inquire at the Kyoto City Centralization Office for Charge-free Early Childhood Education and Childcare.

1. Kindergartens

Monthly upper limit: 25,700 yen (8,700 yen for national kindergartens (same is applied to the cases of daily payment.))

No.	Assumed conditions	Calculation method for the daily upper limit (Fractions of ten yen are rounded off.)
①	Joining a kindergarten in the middle of the month (with New Certification)	No. of the kindergarten's opening days during the child's enrollment after joining the kindergarten / No. of kindergarten's opening days of the month × 25,700 yen
②	Leaving a kindergarten in the middle of the month (with New Certification)	No. of the kindergarten's opening days during the child's enrollment until leaving the kindergarten / No. of kindergarten's opening days of the month × 25,700 yen
③	Starting the New Certification in the middle of the month (excluding case ④)	No. of the kindergarten's opening days during the child's enrollment from the day of the start of the certification / No. of kindergarten's opening days of the month × 25,700 yen
④	Start of New Certification in the middle of the month due to moving in from outside the city (no transfer to another kindergarten)	No. of the kindergarten's opening days during the child's enrollment from the day of the start of the certification / No. of kindergarten's opening days of the month × 25,700 yen * Daycare fees also need to be calculated on a daily pro rata basis (Same is applied to the admission fees (monthly payment).) No. of the kindergarten's opening days during the child's enrollment from the day of the start of the certification / No. of kindergarten's opening days of the month × daycare fees
⑤	End of the New Certification in the middle of the month (excluding case ⑥)	No. of the kindergarten's opening days during the child's enrollment until the day of the end of the certification / No. of kindergarten's opening days of the month × 25,700 yen
⑥	End of the New Certification in the middle of the month due to moving out of the city (no transfer to another kindergarten)	No. of the kindergarten's opening days during the child's enrollment until the day of the end of the certification / No. of kindergarten's opening days of the month × 25,700 yen * Daycare fees also need to be calculated on a daily pro rata basis (Same is applied to the admission fees (monthly payment).) No. of the kindergarten's opening days during the child's enrollment until the day of ending the certification / No. of kindergarten's opening days of the month × daycare fees

2. After-hours childcare

Monthly upper limit: [Certification for New Subsidy No. 2]: The lower amount when comparing “11,300 yen” and “Daily unit fee of 450 yen × No. of days of using the service”

[Certification for New Subsidy No. 3]: The lower amount in comparison to “16,300 yen” and “Daily unit fee of 450 yen × No. of days of using the service”

No.	Assumed conditions	Calculation method for the daily upper limit
①	Joining an institution in the middle of the month (With the certification for New Subsidy No. 2 or New Subsidy No. 3)	Daily unit fee of 450 yen × No. of days of using the service from the day of admission
②	Leaving an institution in the middle of the month (With the certification for New Subsidy No. 2 or New Subsidy No. 3)	Daily unit fee of 450 yen × No. of days of using the service until the day of leaving the institution
③	Start of the certification for New Subsidy No. 2 or New Subsidy No. 3 in the middle of the month	Daily unit fee of 450 yen × No. of days of using the service from the day of the start of the certification for New Subsidy No. 2 or New Subsidy No. 3
④	End of the certification for New Subsidy No. 2 or New Subsidy No. 3 in the middle of the month	Daily unit fee of 450 yen × No. of days of using the service until the day of the end of the certification for New Subsidy No. 2 or New Subsidy No. 3

3. Non-licensed daycare institution, etc. (excluding the cases of 4 and 5 below)

Monthly upper limit: [Certification for New Subsidy No. 2]: 37,000 yen

[Certification for New Subsidy No. 3]: 42,000 yen

No.	Assumed conditions	Calculation method for the daily upper limit (Fractions of ten yen are rounded off.)
①	Start of the certification for New Subsidy No. 2 in the middle of the month	No. of days of the month from and after the day of the start of the certification / No. of days of the month × 37,000 yen
	Start of the certification for New Subsidy No. 3 in the middle of the month	No. of days of the month from and after the day of the start of the certification / No. of days of the month × 42,000 yen
②	End of the certification for New Subsidy No. 2 in the middle of the month	No. of days of the month until the day of the end of the certification / No. of days of the month × 37,000 yen
	End of the certification for New Subsidy No. 3 in the middle of the month	No. of days of the month until the day of the end of the certification / No. of days of the month × 42,000 yen

4. Non-licensed daycare institutions, etc. in the case of users of kindergartens who also use after-hours childcare

Monthly upper limit: [Certification for New Subsidy No. 2]: 11,300 yen - Amount of subsidy for after-hours childcare

[Certification for New Subsidy No. 3]: 16,300 yen - Amount of subsidy for after-hours childcare

No.	Assumed conditions	Calculation method for the daily upper limit (Fractions of ten yen are rounded off.)
①	Start of the certification for New Subsidy No. 2 in the middle of the month	No. of days of the month from and after the day of the start of the certification / No. of days of the month × 11, 300 yen - Amount of subsidy for after-hours childcare
	Start of the certification for New Subsidy No. 3 in the middle of the month	No. of days of the month from and after the day of the start of the certification / No. of days of the month × 16, 300 yen - Amount of subsidy for after-hours childcare
②	End of the certification for New Subsidy No. 2 in the middle of the month	No. of days of the month until the day of the end of the certification / No. of days of the month × 11, 300 yen - Amount of subsidy for after-hours childcare
	End of the certification for New Subsidy No. 3 in the middle of the month	No. of days of the month until the day of the end of the certification / No. of days of the month × 16, 300 yen - Amount of subsidy for after-hours childcare

5. Others

No.	Assumed conditions	Calculation method for the daily upper limit (Fractions of ten yen are rounded off.)
①	Non-licensed daycare institution, etc. until the admission to a kindergarten in the case where a user of non-licensed daycare institution, etc. enters a kindergarten in the middle of the month (with the certification for New Subsidy No. 2 or New Subsidy No. 3)	No. of days of the month until the day before the day of admission / No. of days of the month × 37,000 yen (42,000 yen for the case of the certification for New Subsidy No. 3) * See “1①” for the upper limit for kindergartens and “2①” for after-hours childcare (The upper limit of a non-licensed daycare institution, etc. in the case of also using after-hours childcare shall be calculated with the formula of “4①” after replacing “the day of the start of the certification” of the formula with “the day of admission.”)
②	Non-licensed daycare institution, etc. in the case where a user of a kindergarten leaves the kindergarten in the middle of the month and starts the use of a non-licensed daycare institution, etc. (with the certification for New Subsidy No. 2 or New Subsidy No. 3)	No. of days of the month after the day of leaving the institution / No. of days of the month × 37, 000 yen (42,000 yen for the case of the certification for New Subsidy No. 3) * See “1②” for the upper limit for kindergartens and “2②” for after-hours childcare (The upper limit of an non-licensed daycare institution, etc. in the case of also using after-hours childcare shall be calculated with the formula of “4②” after replacing “the day of the end of the certification” of the formula with “the day of leaving the kindergarten.”)

* Non-licensed daycare institutions, etc. include non-licensed daycare institutions, Temporary Daycare Programs, Sick Child Care Programs, and Support Programs for Child-rearing Assistance Activities.
